A New Kind of Can-Drive

CanDrive is an organization that aims to find creative ways to help feed needy children right here in America. The main way we plan to do this is with a can drive of epic proportions. This can-drive is unlike any other for several

reasons. Girls will donate their cans (BOOBS!) online at www.candrive.net and the ad revenue from these pages will be used to feed needy children.

PUT YOUR CANS TO WORK!

While seemingly ridiculous at first this method has many benefits.

-Google trends shows that in 2013 "BOOBS" was searched on average 70% more than "DONATE".

-The majority of donations will be at no cost to donors since the money is raised through advertisements.

-Based on average wholesale prices a dollar raised can buy over 4 times as much food as a dollar spent by consumers on canned goods and then donated.

This organization aims to achieve nonprofit status and begin helping fight hunger immediately. There are several ways that you can help.

Your Money

While ultimately we aim to create revenue from our website, we need donations to get up and running. Currently we own the domain www.candrive.net which is hosted through Amazon Web Services. These costs have all been paid out of my pocket so far, but donations are needed in order to continue hosting the site until it is fully functional and creating revenue.

Donations are also needed to pay the various costs associated with becoming a non-profit organization. These fees include State and Federal Filing Fees and total several hundred dollars.

Your Time

In order to be successful, the organization will need a board of directors and many volunteers. Currently I have been dealing with all aspects of the organization on my own—including financial, publicity, legal, and web hosting. What we need are people with these skills who are willing to donate their time. Any amount of help is welcome, but anyone willing to seriously contribute to the organization will be welcome on our board of directors. Currently we need people with the

TOGETHER WE CAN MAKE A DIFFERENCE

following skills or experience: Financial Bookkeeping, Fundraising, Marketing, Public Relations, Graphic Design, Web Design, and Computer Science.

Your Cans

Of course every can-drive needs cans. Before launching www.candrive.net we will need a solid supply of content to post to the website. The majority of revenue will be advertisement based, so it is essential to attract traffic to the website.

Getting the first few can donations is going to prove crucial. We can't fight hunger without cans. As of now the website is not functional, so we are unable to take can donations directly. Rather, we are looking for pledges to donate when the site becomes operational. If you're interested in being among the first donors to our can-drive make sure to leave your contact info with one of our representatives or email us at the email below and we will inform you when we are able to accept your donation.
